

Dear Friends and Partners of Seek God Ministries:

Happy Resurrection Day! Much has been happening here in The Philippines. The big house we are purchasing for a children's home has had a lot of work accomplished in a short time, and with a surprisingly small budget. It really seems the Lord's hand is on the work. *Unless the LORD builds the house, They labor in vain who build it. (Psalms 127:1 NKJV)* The word used for *build* in this scripture also means to repair or restore. We have the plumbing working in five bathrooms now. We have four bedrooms that are usable along with a kitchen and the big multi-purpose room, which we call Worship Hall. We also have electrical in several places. We have four more bedrooms that are wired and ready to complete however, we ran out of funds. We need plywood for floor decking and hardy-flex for the walls. That would enable us to finish the top floor of the middle section thereby completing the whole middle section and making it usable.

We are now able to occupy some parts of the house. In fact I am writing this update from there. We are currently hosting a mission's team from our sending church in the USA. They are staying at the house with us. One of our goals with the house has been to be able to have a place where missions' teams could come to, stay, and help us with the ministry in The Philippines. The team helped us do an outreach into a garbage dump where many very poor people live. They also helped us with our Good Friday baptism service which we had at the big house. We baptized 24 youth and the mission's team ministered to them also. Most of those who were baptized were from our Kingdom Celebration program. We also baptized the two boys we took off the street one year ago. It has been a great privilege to watch the Lord transform them from street kids to young men who love God and love to minister and pray for others. We have seen our goal realized of seeing street kids become street ministers. With the big house, The Father's Glory –Transformation Center, and enough funds we can multiply those results

One of the most awesome news events began happening about six weeks ago is in our Kingdom Celebration program, which is mostly kids and youth. We have been having a spiritual revival, the Lord is pouring out His Spirit and making known His love and power. The fruit is that kid's lives are being forever impacted by supernatural encounters with Jesus. They come hungry to worship the Lord and are willing to continue sometimes for two hours and more. We share testimonies and the message in the beginning of the service now so the Holy Spirit is free to move during the worship time. The revival has now spread to our church and even the older people are now being touched by God's power and presence in ways they have not experienced before. When the kids are being touched by the Lord they are quick to go around laying hands on each other and praying powerful prayers for each other.

One of the kid's favorite things to do is soaking. Soaking is waiting on God in receive mode. We put on quiet worship music; the kids get comfortable and receive from Heaven. With their hearts open to the Lord they are learning to hear His voice. They are learning how to experience the love, joy, and peace that can only come from God through His Holy Spirit. We are seeing a new spiritual maturity in the kids now and they have a new hunger for the written Word, The Holy Bible. They are always sharing scriptures with each other and they love to find treasures in the Word. They also enjoy praying for each other and anyone in need.

Why the outpouring now? I do not know except that it seems to be God's timing. We have been praying for the things we are seeing since we came to The Philippines. About two months ago we began teaching the finished work of the cross. Galatians 2:20 Has been our theme verse, *I have been crucified with Christ; it is no longer I who live, but Christ lives in me; and the life which I now live in the flesh I live by faith in the Son of God, who loved me and gave Himself for me.* The finished work that Jesus completed on the cross continues to be a revelation that is growing and becoming brighter in the Body of Christ. That understanding makes all of God's promises available

to us and puts us in the position of simply believing to receive all that Jesus' blood purchased for us.

We have a good internet connection at The Father's Glory Home and that is a great blessing because the internet ministry is increasing. The [www.SeekGod.org](http://www.SeekGod.org) web site continues to reach multitudes around the world. As things in the world are shaken people are seeking God more. They are using the Internet to learn about God. For instance today we received this from a 16 year old boy in **Afghanistan**, **"I wana be chirsten can you help me. I search jessus.com suddenly i came to this web site"**. The Lord has positioned us on the internet to help bring in the harvest. We also are working to develop the God.net site into a harvest net.

Currently we are in a financial short fall. We do not have enough regular monthly support; we also need funds to continue the work on The Father's Glory Home. Most importantly we need funds to pay for the house. We have a mortgage payment coming up in June in which we need about \$20,000 US dollars if we can not make the payment we could loose the house. We are praying that we can pay off the house soon so that we can save a lot of money in interest payments. We need about \$125,000 US dollars to pay off the house or 5.5 million pesos. Please pray with us about these needs.

We pray that you have a wonderful Resurrection weekend with friends and family.

"The LORD bless you and keep you; The LORD make His face shine upon you, And be gracious to you; The LORD lift up His countenance upon you, And give you peace." (Numbers 6:24-26)

Gary, Suzzhette and family
