

## November 2008 Newsletter

Dear Friends and Partners:

Happy Thanksgiving, to all of our friends in the USA. We pray you have a joyous time with family members this Thanksgiving holiday.

I know many of you have been affected by the economy and you may be going through other problems also but when your faith and hope is in the Lord there is always much to be thankful for.

*Though the fig tree may not blossom, Nor fruit be on the vines; Though the labor of the olive may fail, And the fields yield no food; Though the flock may be cut off from the fold, And there be no herd in the stalls Yet I will rejoice in the Lord, I will joy in the God of my salvation. (Habakkuk 3:17 - 18)*

We also have felt the affects of the US economic crisis but we also know that we have so much to be thankful for. As of November 1<sup>st</sup> we have been in the Philippines for one year. It is a milestone for us as missionaries. For you who are supporting us with prayers and financial giving this is a success we share with you. We could not have done it without you.

Much has happened in the last year and we have learned so much. Looking back at the last year I am amazed at how the Lord has ordered our steps so that we have been able to do so much; touch so many lives with God's love, and made so many new contacts with people we can work with now and in the future.

As we were approaching our one year anniversary October was our most challenging month so far. I shared in the September newsletter about our financial situation and

our need for additional support and partners. In October our support actually dropped off even more. I am sure that part of it is based on fear about the financial crisis in the USA. We had to battle some fear here also.

In addition to the lack of support in October there were things that happened to us that challenged our determination. One was our second car accident in less than a year. We were coming home from town at night and it was raining. I was on the expressway which is the safest road in this area and probably one of the safest in the Philippines. Joshua and Alianna were with me. As we were coming up a hill a car in the oncoming lane veered into our lane. The impact was hard and my immediate thought was that we just had a head on collision. Our van was immediately skidding sideways on the expressway but I was able to regain control and drive to a safe place where I pulled off the road. I checked the kids to make sure they were ok, they were scared but ok.

The vehicle collision was to our drivers' side and it damaged nearly the full length of the van. As in the bus accident a one second difference could have been the difference between life and death. Both vehicles were traveling at expressway speed when the impact happened and we were extremely close to having a head on collision. We are again thanking God for His protection.

What was very different about this accident is that the people who hit us were part of a good company in the Philippines and they immediately came and made sure we were ok. They were driving a company vehicle. They apologized at the scene several times. That evening they signed a document at the police station saying that they would pay for our damages. Their insurance company did repair

the van and we are now using it again. There are some minor things they are still working on to make it like it was before. However, the attitude from this company was so different than the bus company, who still has not paid us back for our repairs. We actually became friends with the people and management of the company.

Another thing that happened which may sound strange at first is that Alianna, our seven year old girl, was thrown off of a Carabao and got hurt. A Carabao is a kind of water buffalo. It is the national animal of the Philippines because they are so helpful to farmers, especially rice farmers who use them for plowing. They are strong, hearty, and generally very gentle. A group of them wandered into our property to eat some of our grass; probably because our grass was high in places. At the time we did not have the money which we needed to repair the mower.

Dennis, one of our ministry helpers, got on one and was riding around on it. He had ridden them often when he was a young kid. Joshua wanted to get on also so we let him ride with Dennis a little bit. Alianna was begging us to ride also; it seemed pretty safe so we let her go for a ride with Dennis also.

As they were riding Alianna tried to kick one of the Carabao because she thought it was coming too close to the one they were riding. That caused the one they were on to jump forward leaving Dennis and Alianna in the air. Dennis got some bruises but was ok. Alianna landed on her leg and was immediately in severe pain.

We prayed for Alianna right away and treated her with ice. Then we had to make a decision to take her to a hospital or do what I call "faith it out". A lot of things went through our minds as we prayed and asked God what we should do. In some areas in the Philippines the medical care is not great and going to the hospital can make things worse rather than better. Another consideration we were faced with is that we probably did not have enough cash for the hospital. Here, you have to pay up front even for treatments and medicines.

I know that some of you, our friends and family, are saying to yourselves they should have let me know and I would have helped them. We know that and we are thankful that we have people we could call in the US in an emergency. If it seemed that we really needed to get her to a hospital right away I would have taken her and then tried to make phone calls for help.

It did not seem that her leg was broken from the symptoms she had. I saw the injury happen and I knew her toes landed first and her foot bent forward with her body weight coming down on it. It seemed that she stretched a tendon or some other soft tissue. Those kinds of injuries can be very painful. We gave her Advil and that seemed to help. She slept ok that night.

She seemed to get better little by little although she was not able to fully walk for two weeks. I knew she needed crutches and I found some for about \$40 US dollars. Again, we did not have the money. Later we found out that our pastor here had an old pair and he let us borrow them.

You may be wondering again if it was that tough financially for us why I didn't let people know. I did. It was in my last newsletter. After I let people know our financial situation in the last newsletter our support actually dropped off more and it got worse. We know that ultimately God is our source. It was obvious to me that God was taking us through some things to refine us, train us, and most of all make us more dependent on Him. To those who did support us your support helped us survive. Thank You!

During our low points we learned to let our roots sink deeper in the Lord and not put our trust in man. It also seemed to make our roots deeper in the Philippines. Although, there have been times of temptation of giving up and leaving, those moments were brief and quickly disappeared when I think about the people we would leave behind here; many of them suffer so much more than us. We have made many divine connections. We also know that there are many more divine connections

who we have not even met yet because we have not yet been able to outreach into some areas we feel called to. There is still much to do here.

Although October was a tough month financially it was also a good month in other ways. Alianna is fine now and can walk normally. It seems that October was a month that Alianna learned many things and grew closer to the Lord also. She likes to read the Bible and has read through the Gospel of John and Ephesians.

Alianna, seven years old

### Alianna's Dream

On the night of October 6<sup>th</sup>, when I was putting the kids to bed, I told them about a news article I had read on the Internet that said what you think about when you are going to sleep is what you dream about. I told them that is one good reason why the Bible tells us to meditate on God's Words day and night. So that night I took the kids to Ephesians and we read chapter 1, verses 1 through 6. Alianna went to sleep meditating on that passage.

Alianna had a dream. It started out on a Saturday morning the kids were coming into the Kingdom Kids program which we do every week. She heard Jesus command a big angel

to come down from heaven and pickup Suzzette. Then an opening appeared in heaven and a golden stairway came down into our court yard where we do the Kingdom Kids program. Then she saw an angel pick up Suzzette and take her up to heaven on a cloud. Then she saw more angels descending and ascending to heaven on the golden stairway. They picked up the Kingdom Kids and took them up to heaven. Each kid had an angel beside them that took them up. Then she saw Shekinah, our five year old girl, go up the golden stairs and then I followed her up also. We were all in heaven together.

Then Alianna saw us all go different directions in heaven. Joshua, our nine year old son, and I went to a beautiful fountain with clear water and we were there talking to each other. Alianna saw the beauty of heaven, the gold, beautiful flowers, and beautiful big diamonds of different colors lying around in some places. When Alianna touched the diamonds she would get different feelings from the different colors. She is not able to describe the feelings except to say that although they were different they were all good feelings.

Alianna was guided by a big angel who took her different places in heaven. Alianna saw many different kinds of angels and they were different sizes. All the people that she saw in heaven had an angel with them. She also said that Jesus was always with her because she could feel His presence in the light.

Alianna saw Shekinah, going around collecting diamonds and putting them in a bag. For those of you who know Shekinah you can probably picture her skipping around doing that. There was a little angel with Shekinah and Shekinah was talking with the angel as she was collecting the diamonds. Later Alianna saw Shekinah playing with the little angel and the diamonds.

Then Alianna saw an opening in heaven and a golden stairway came down in her Papa's house. She saw a big warrior angel come down and fight a demon and the demon was cast into the pit. Then the angel came back up to heaven.

Alianna saw God sitting on the throne she is not sure if it was Jesus or the Father. He was emanating light. She could see parts of His body but not His face because the light was so bright. There were two "big big big" angels, one on each side of the throne. Then one of those angels cried out, "*Blessed be the God and Father of our Lord Jesus Christ, who has blessed us with every spiritual blessing in the heavenly places in Christ*" (Ephesians 1:3) Which is the verse that Alianna went to sleep thinking about.

When the huge angel said those words Alianna saw millions of people and millions of angels join in worshipping God. They sang a beautiful song, she does not remember what the words were, but she remembers the glorious sound that came from the worshippers. She, all of us, and the Kingdom Kids were all worshipping. Then she woke up.

A couple days after Alianna had the dream of heaven, she got sick. Then a few days later she was in the car accident and a couple days after that she was thrown from the Carabao. Sometimes after a mountain top experience you find yourself in a valley for a while. But at seven years old we are seeing Alianna grow in the Lord.

## Philippines Ministries Report

All the ministries are continuing to do well and impact lives in the Philippines. The Kingdom Kids program continues to touch children in this area with God's love. The church is also doing well and growing. There are times when we could use more space and more chairs. This is especially true when it rains. When the weather is good the children's church is out side in the shade however when it rains we try to fit everyone inside and it is crowded and loud causing some distraction from the adult service. We are not complaining it is good to have growth problems.

Recently a youth group from one of the churches we oversee in another region visited us and shared some things they had learned about kid crowd control. They had been trained by Metro Ministries.

Kingdom Kids and a visiting youth group from another region.

We are continuing to feed hungry kids after the Kingdom Kids program on Saturday's.

## Christmas Outreaches

Christmas is a very important holiday in the Philippines and it gives us the opportunity to do some outreaches to share the gospel and the love of God. We are planning a Christmas Concert with the Kingdom Kids it will be in the elementary school auditorium which is near us. It will be a joint effort of Seek God Ministries and our church here. It will be a community outreach and a way of presenting the gospel to the people. We will also be able to invite people to the church, and children to the Kingdom Kids program.

We are planning to give small Christmas gifts to the Kingdom Kids at a Christmas party for them. We are also planning to do some gift giving to some very poor kids in other areas, including some street kids and possibly some kids that live in the dump. When the principal of the elementary school found out that we were doing an outreach he asked if there was anyway we could give some gifts to the poorest kids in the elementary school. He said even if we could "*just give them one apple each*" so they could experience some Christmas joy, it would be wonderful.

We told him to have the teachers in each class give us a list of the names, gender, and age of the poorest kids in each class and we will see what we can do. Just today the principal let us know that they have a list of about 250 kids. That means about one quarter of the kids in the elementary school are in severe poverty. I am sure that is true. If you were here, at first you would think that most all of the kids are in severe poverty here.

However, as I said before there are degrees of poverty and when you live with the people you begin to see the levels. Probably most of the kids here experience times of hunger but the very poor experience it regularly and their bodies show the affects of malnutrition and under development.

The principal has also asked Suzzhette to be the guest speaker at the elementary school Christmas party. This gives us the opportunity to speak to over 1000 kids letting them know about God's love for them and presenting the

gospel message. It also gives us the opportunity to invite the whole school to Kingdom Kids. I'm not sure what we will do if they all come.

Our home church in the US is sending us some Christmas packets to give out to kids here. However, with the added numbers from the school, and our hope to touch some kids in other areas which we have a burden for, we do not have enough. We also need help with many extra expenses during the Christmas season.

This is where you come in. We need your help. We will reach out to as many kids at Christmas time as we are able to with the resources we have. For many of these kids what we give them will be the only special thing they experience for Christmas. It was when I came here in 1996 and gave candy and Bible tracts to very poor kids on the streets of Manila at Christmas time that I experienced God's love in a life changing way. I have never been the same since.

*He who has compassion on the poor lends to the Lord, And the Lord will pay back what he has given. (Proverbs 19:17)*

If you sense the Lord calling you to join with us, pray and ask the Lord what He would have you give. You can send donations to our address in the USA at:

Seek God Ministries  
P O Box 100  
Otis Orchards, WA 99027

If you want to send your gift electronically you can use a credit card, bank card, or a personal check. Just go to the web site at [www.SeekGod.org](http://www.SeekGod.org) and click on the **Make A Donation** button. It will take you to our secure PayPal connection.

In the Philippines you can send donations to:

Seek God Ministries  
PO Box 140  
Subic Bay Free Port Zone  
Philippines 2222

Below are some of the testimonies received at the [www.SeekGod.org](http://www.SeekGod.org) web site in the month of October 2008. GB = Guest Book, SR = Salvation Response, this will also include if it is a ReCommitment of a First Time Salvation. CM = General Comments, TM and JT are testimonies. The gender, age, and country of the person is listed, and their comments

GB, Daughter, 54, Australia, Awesome one of the best Christian Sites, Thank you very much for the letter from My God to me. They were exactly the words that I was longing to hear. God Bless you all; Found by -Key words - Prayer Request
